

# BURN BANDICOOT (BuBa) MEME COIN

## **ABSTRACT:**

Welcome to the world of Burn Bandicoot (BuBa), the revolutionary meme coin that brings laughter and joy to the crypto community. BuBa is not just another digital asset; it's a fun and engaging experience that embraces the spirit of memes and harnesses the power of blockchain technology. This white paper outlines the vision, mechanics, and utility of BuBa, as we embark on a journey to create a vibrant and sustainable ecosystem for our users.

## **TOKENOMICS:**

Total Supply: 1,000,000,000 BuBa

Initial Burn: 21% - 210.000.000

Pre - Sale: 33% - 330.000.000

Marketing, Team, Partnerships, Finanz: 15% -  
150.000.000

Liquidity/DEX/CEX Listing: 30% - 300.000.000

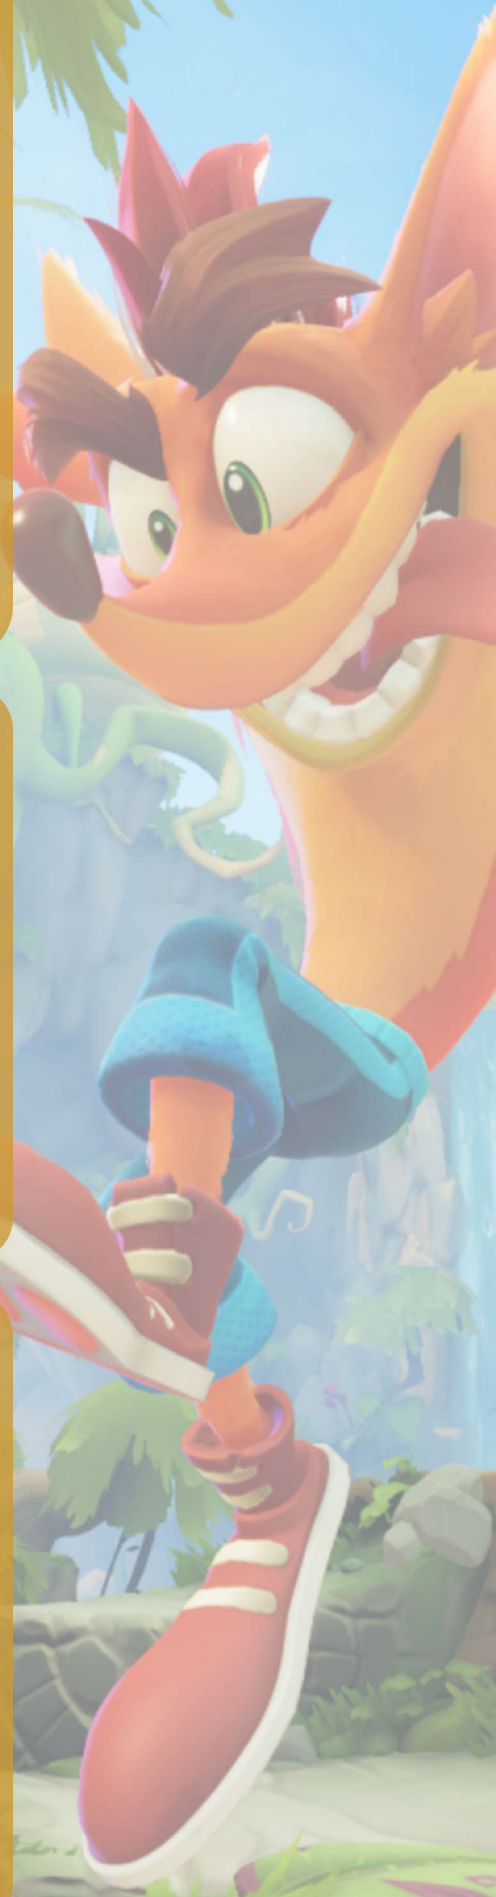

Airdrop: 1% - 10.000.000

## **BURNING MECHANISM:**

The burning mechanism lies at the core of our tokenomics. By burning 21% of the total supply at launch, we aim to increase scarcity and create a deflationary ecosystem. As transaction volume grows, a percentage of each transaction will be permanently burned, further reducing the circulating supply over time.

## **COMMUNITY GOVERNANCE:**

We believe in the power of community-driven decision-making. As a result, we plan to implement a governance system where BuBa holders can propose and vote on important changes and initiatives within the ecosystem. Decentralized decision-making will ensure transparency and inclusivity, fostering an environment where everyone's voice is heard.

The character is shown from the chest up, with its right arm raised and hand open. The background is a vibrant blue with glowing white and yellow energy lines and particles.

## **USE CASES:**

BuBa will serve as the native currency for our ecosystem. Users can utilize BuBa for various purposes, including but not limited to:

Participating in exclusive meme contests and events

Accessing premium content and features on our platform

Supporting charitable initiatives and donations  
NFT purchases and auctions

## **CHARITABLE INITIATIVES:**

At Burn Bandicoot, we believe in giving back to society. A percentage of each transaction will be allocated to charitable initiatives chosen by the community. By actively supporting charitable causes, we hope to make a positive impact on the world and inspire others to do the same.

## **ROADMAP:**

We have a clear roadmap that outlines our goals and milestones. This includes building partnerships, expanding our community, and enhancing the utility of BuBa. We are committed to long-term growth and development, and we invite our community to join us on this exciting journey.

## **CONCLUSION:**

Burn Bandicoot (BuBa) represents the fusion of humor and technology, a perfect balance between fun and functionality. As we embrace the spirit of memes and blockchain, we invite all crypto enthusiasts to join our vibrant community. Together, let's build a world where laughter is the currency, and positive change is the reward.
